## The Company

---

**Elite Basra Company (EBC)** was established specifically to bring relevant solutions to our customers in the most challenging environments.

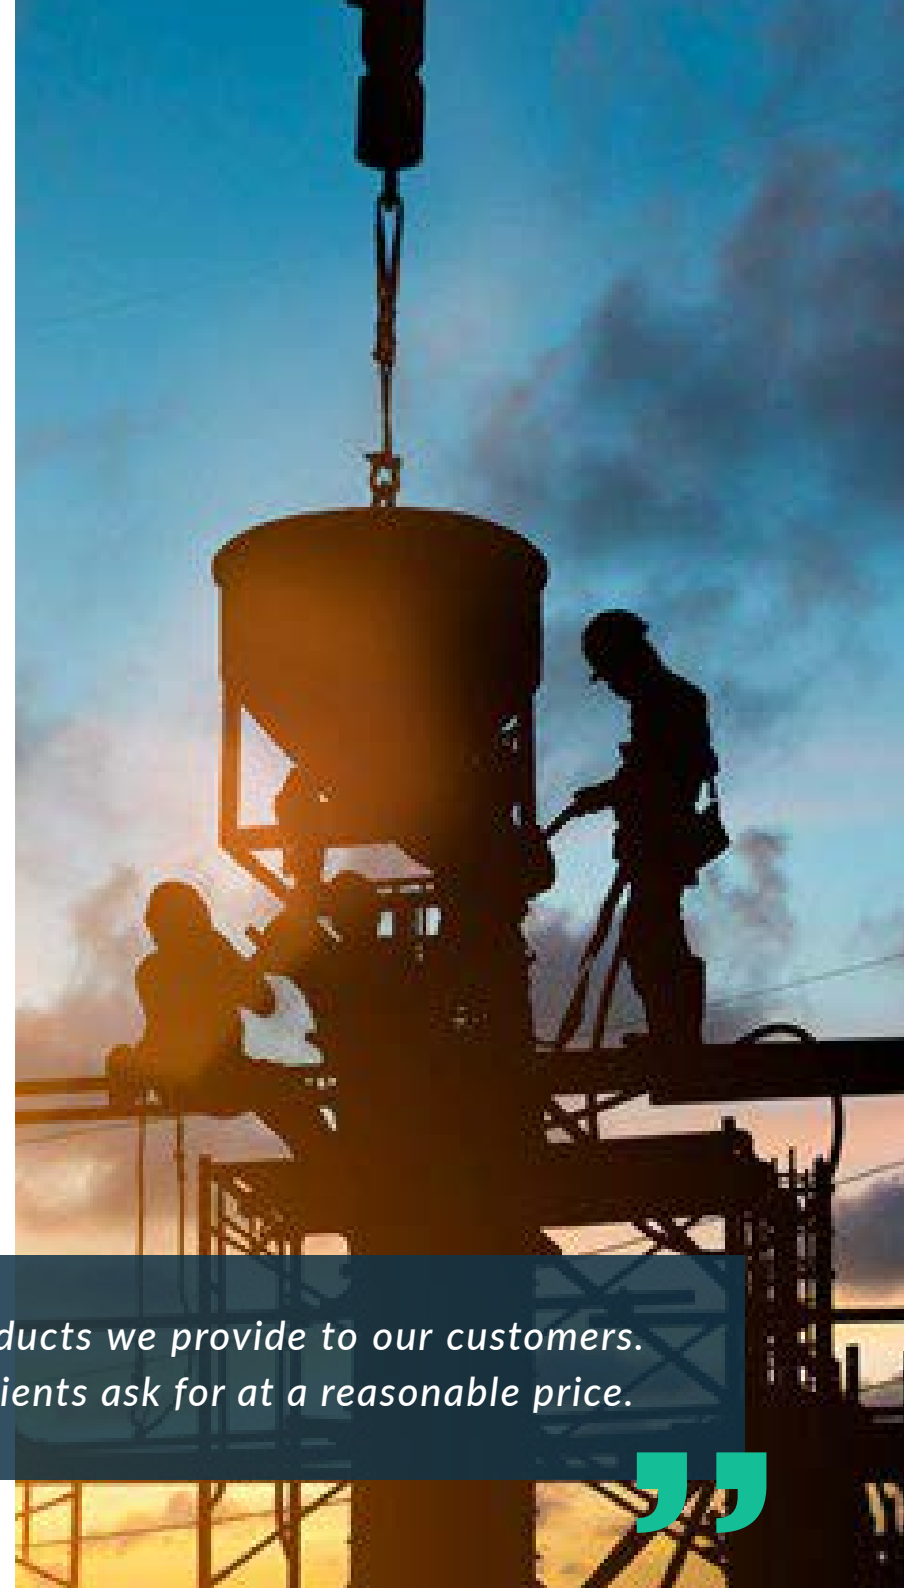

Our goal at EBC is to offer custom solutions for every challenge in the areas of operations & maintenance, Logistics services, environmental services, engineering & construction, catering services, labor supply, material & equipment and medical services.

**EBC** is run by a team of Iraqi and multinational professionals, with a variety of skills, disciplines and business backgrounds, brought together by an entrepreneur, Majed Sawadi Dhaher to promote and develop commercial opportunities in Iraq.

**EBC** 's lean, non-beauraucratic structure allows the company to respond quickly to market needs in a challenging environment, leading to efficient service and enhanced customer satisfaction.

*We never compromise on the quality of the products we provide to our customers.  
We believe in supplying the products that our clients ask for at a reasonable price.*

## Why Us

---

### Our Vision

Is to be 'The Company' that people want to work for, serve and be associated with, and to be our customers first port of call for all their requirements.

### Our Goals

Is to supersede the expectations of our clients both in quality of construction and the speed at which it is done.

### Our Objectives

When that goal is attained it will also satisfy the Business Objective of completing projects well ahead of schedule, while maintaining excellence in work quality, thereby reducing costs and ultimately securing profits on each venture.

### Integrity

Be respectful and considerate to our customers and colleagues. Stay warm, Cordial, Courteous and caring.

### Innovation

Continually think of new ideas for improvement, even when conditions appear satisfactory; Remain open to betterment.

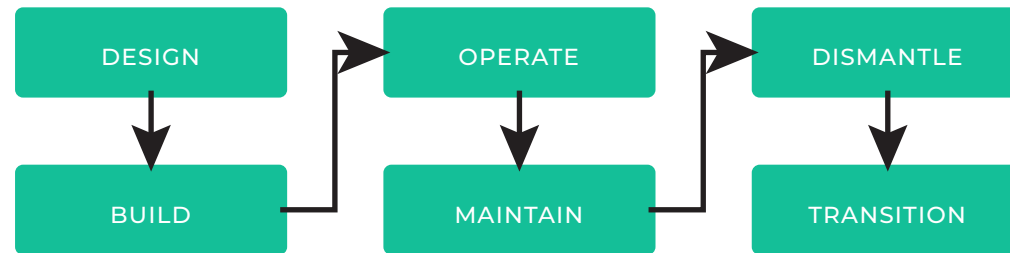

### Intensity

Carry through with and accomplish your tasks. Never give up, Overcome challenges, Remain motivated.

## Camp Constructions & Engineering

EBC Provides integrated services constructing temporary and permanent facilities and civil engineering solutions in remote areas, disaster zones, and post-conflict theatres.

*We follow a concept encompassing the life cycle of a camp project:*

## Cable Laying & Termination

EBC undertake both underground and over-ground cable laying and termination work, including supply in any voltage level. Highly skilled and competence cable jointers are our main strength. Our qualified engineers design systems for newest IET/IEEE standards.

EBC and their skilled engineers have experience in undertaking the three main methods of laying underground cables:

### Direct Laying

### Draw-in System

### Solid System

### Our Capabilities include but not limited to:

- Supply & laying of HT & LV cables
- Supply of end termination and joining kits for cables
- Termination of HT and LV cables
- Testing of HT & LV cables

## Operations & Maintenance

---

EBC is a one stop shop service provider. You invest heavily in assets and capital, and we want to work with you to protect their value and get the most out of your equipment and your facility. Our facilities operations & maintenance services (FO&M) include everything from basic building maintenance to complete asset management and lifecycle planning, ensuring your facilities and equipment are operating efficiently and effectively. Our services span various industries, from government to energy and Oil & Gas.

Whatever your needs are, we can develop a custom bundled solution that works with you. Our facilities management experts can take care of everything from:

- Facility Management
- Vector/Pest Control Services
- Mobile Sanitation Services
- HVAC Systems
- Hand Wash Station Rent and Service
- Fleet Management and Maintenance
- Portable Toilet Rent and Service
- Roads and Groundskeeping
- Cleaning Services
- Waste Water Tanks
- Shower/Ablution Containers
- Fresh Water Tanks

WE STRIVE FOR  
**PERFECTION**

## Catering / Life Support

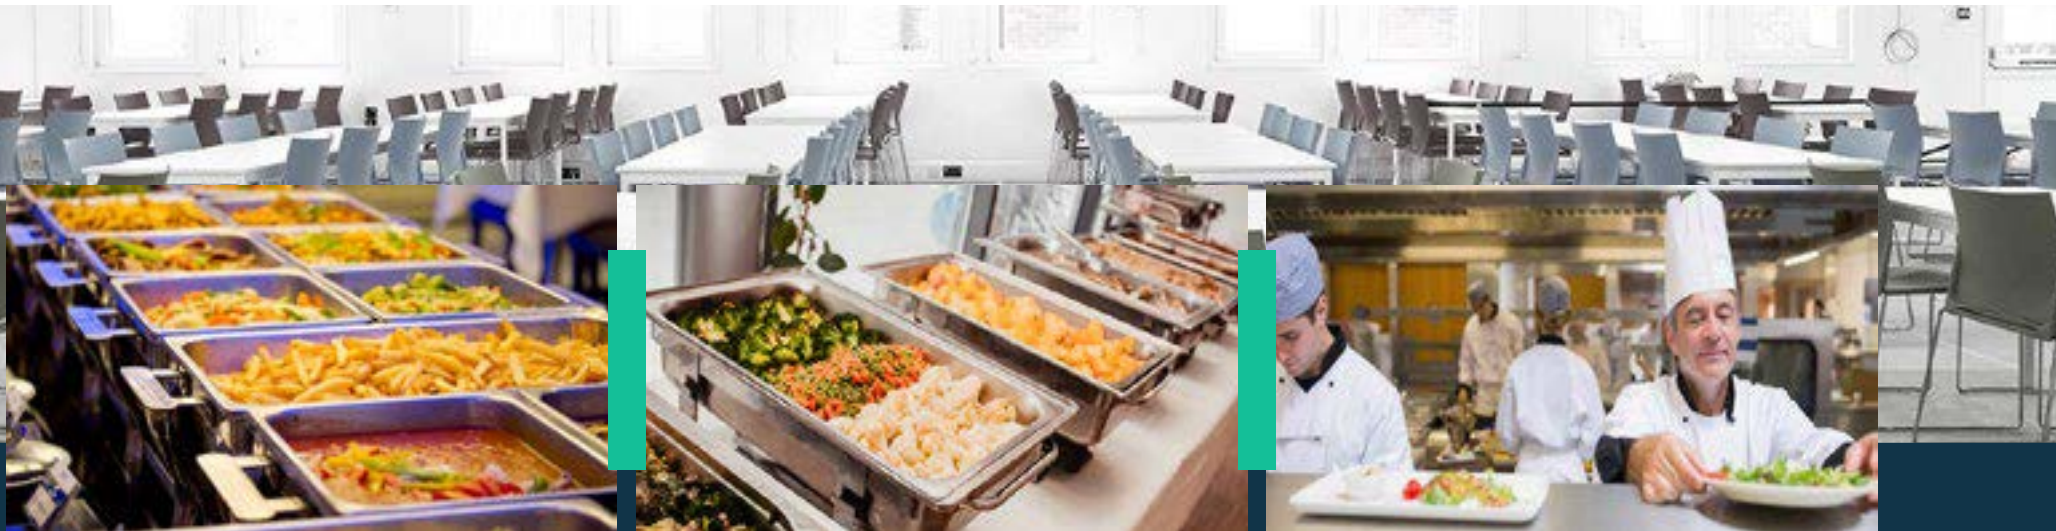

---

At EBC, we strive to achieve that subtle comfort by providing complete catering services to Oil & Gas, government workers and commercial sector clients located in remote and challenging locations.

We offer a full range of food supply services from dining facility construction, to water bottling and supply, to large-scale labor support.

We provide food that is healthy and delicious, sourced fresh and climate controlled throughout the storage and delivery process.

We offer menus that feature **American, Arabic, Asian, British** and **European** dishes in addition to ethnic menus.

## Equipments

---

EBC offers rentals of heavy equipment and material handling such as, Forklift, Telehandler, RTCH, Cranes, Dump truck, Backhoe loader, Skid Loader, Trailer and other equipment from 1 day to a year with / or without driver/operator and scheduled service and maintenance according to your project need.

Our rental agreements are flexible and tailor made for the customer's specific requirements. Long Term rentals give you all the benefits of use with and none of the risks of ownership. Short-term rental solutions can help customers react immediately to a situation with a predicted cost.

Other benefits include a single point of contact and simplified fleet management.

We maintain a large stock of replacement parts to ensure the machinery, equipment and vehicles you need are safe and fully operational.

HEALTH

SAFETY

ENVIRONMENT

QUALITY

## Health, Safety, Environment & Quality

---

EBC is committed to conducting all business activities in a responsible manner, which assures the health, safety and security of people, preservation of the environment, quality of the product/services and compliance with all applicable health, safety, environmental, security, legal, quality and regulatory requirements in countries where we operate.

EBC requires an active commitment to HSEQ from all our people and contractors in all work activities.

Our country specific HSEQ teams monitored by our group HSEQ management are responsible and accountable for ensuring compliance with all HSEQ policies and procedures and our Corporate HSE and Quality Policies.

We will always communicate openly on HSEQ issues with our stakeholders and share with them our experience and knowledge of successful HSEQ initiatives.

## Health, Safety, Environment & Quality

---

### Strategy

The Company will strive to mitigate the impact of any foreseeable hazards, which may endanger health, safety and the environment, or could affect the quality of products and services it provides.

This will be achieved through formal risk assessments as required per Company Policies and Procedures.

### Quality

EBC strives to provide the highest quality of services, while continually meeting or exceeding our clients' expectations.

Products and services are monitored and customer suggestions are discussed through our management meetings and implemented if required for the good of customer relations.

**EBC are working towards attaining an ISO certification**

# Health, Safety, Environment & Quality

---

## Purpose of our Health and Safety policy

EBC acknowledges the moral, legal and financial responsibility to protect and safe-guard our employees and other persons affected by our activities against occupational risk to their health or safety arising from any of the operations associated with the company.

Our health and safety policy sets out the commitment of the company to a healthy and safe work environment. It defines the organisation and how it manages health and safety, thus assisting all involved to create the requisite environment.

As a minimum, the company will comply with all relevant legislation, as well as industry standards. We take all reasonable precautions and exercise due diligence to ensure that all our sites comply with our policies and procedures.

## Training Policy

EBC is committed to provide training and development needs as appropriate for each individual's duties and responsibilities – this will always include HSEQ training.

Camp managers are responsible for ensuring that appropriate training is given to employees for the task in hand, with individual competency evaluations as per the Company's standards.

EBC believe this is critical to the continuous success of our business as it allows us optimise our Company performance.
